New tool to remove the ice core frozen inside ice screws. Fold-out hook to pull cord through Abalakov anchor (V-thread) and retractable blade to cut cord or sling material. Clip it to your harness or stash inside a screw (soft plastic material won't scratch a screw's surface finish).

Nuovo accessorio per togliere "la carota" bloccata dall'interno delle viti di ghiaccio. Gancio per lunetta estraibile e lame per tagliare corde o fettucce. Di plastica morbida per non rigare l'interno del chiodo

Neues Gerät zum Entfernen des lästigen Eispropfs aus dem Innern ihrer Eisschrauben. Der ausziehba-re Haken erleichtert das ädeln von Eissanduhren (Abalakov) und die integrierte Klinge ermöglicht das Abschneiden von Seilstücken, Tape, o.ä.

Nouvel accessoire pour enlever les carottes de glace internes des broches. Possède un crochet escamotable pour réaliser des unules de glace, ainsi qu'une lame pour couper les anneaux de corde et de sangle. Fabriquer en plastique pour ne pas abimer l'intérieure des broches à glace.

Nuevo accesorio para sacar el hielo bloqueado en el interior de los clavos de hielo. Gancho escamoteable para hacer puentes e hielo y una hoja para cortar cuerda o cinta. Fabricado en plástico para no estropear el interior de los cla-vos de hielo.
