

GRIVEL®

Ice Axe THE DARK MACHINE

Art. PIDMC

EN 13089:2011 + A3:2023

(EN) - Technical ice axe
Type 2 (T)

Made From:
G-Bone Carbon compo-
site shaft and full car-
bon handle

Blade:
Hot Forged
Ni-Cr-Mo Steel

Blade:
Interchangeable

Weight:
489 g

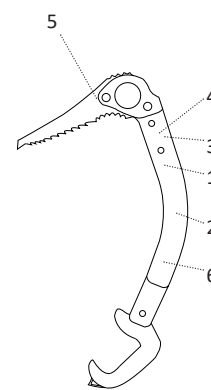

Size:
49 cm

The Dark Machine
Blade: Ice Vario
Accessory: Simple Vario

Traceability and Marking

IS_PIDMC_A.qxp

EN

Field of application

Personal Protective Equip-
ment (PPE). Mountaineering
equipment: Technical ice
axe Type 2 (T) for ice clim-
bing.

Made From: G-Bone carbon
composite shaft and full car-
bon handle, Blade hot forged
in Ni-Cr-Mo Steel. Interchan-
geable Vario System for bla-
des and back accessories.
Recommended blades: refer
to Grivel Vario System.

Traceability and Marking

1) Manufacturer Name - GRI-
VEL; 2) Model; 3) i picto-
gram: read the instructions;
4) CE marking; (T): Type 2 ice
axe; 5) Batch number (XX-YY)
composed of production
batch number (XX) and year
of manufacture (YY); 6) Date
of Manufacture (YYYY/MM)
Year/Month.

IT

Campo di applicazione

Dispositivi di protezione indi-
viduale (DPI). Attrezzatura
per alpinismo: piccozza tec-
nica Tipo 2 (T) per arrampica-
ta su ghiaccio.

Realizzato in: manico com-
posito in carbonio G-Bone e
impugnatura interamente in
carbonio, lama forgiata a
caldo in acciaio Ni-Cr-Mo. Si-
stema Vario intercambiabile
per lame e accessori poste-
riori. Lame consigliate: fare
riferimento al sistema Grivel
Vario.

DE

Anwendungsgebiet

Persönliche Schutzausrü-
stung (PPE). Bergsteigerau-
srüstung: Technischer

Eispickel Typ 2 (T) zum Ei-
sklettern.

Hergestellt aus: G-Bone Car-
bon Composite Schaft und
Vollcarbon Griff, Klinge aus
Ni-Cr-Mo Stahl. Wechselba-
res Vario-System für Klingen
und Rücken Zubehör. Empfo-
hlene Klingen: siehe Grivel
Vario System.

FR

Champs d'application

Equipement de protection
individuelle (EPI). Equipement
d'alpinisme: Piolet tech-
nique de type 2 (T) pour
l'escalade sur glace.

Fabriqué avec: manche en
carbone composite G-Bone
et poignée en carbone, lame
forgée à chaud en acier Ni-
Cr-Mo. Système Vario inter-
changeable pour les lames et
les accessoires pour le dos.
Lames recommandées: voir
le système Grivel Vario.

ES

Campo de aplicación

Equipo de Protección Perso-
nal (EPP). Equipo de alpini-
smo: piolet técnico tipo 2 (T)
para escalada en hielo.
Hecho de: eje compuesto de
carbono G-Bone y mango de
carbono completo, hoja for-
jada en caliente en acero Ni-
Cr-Mo. Sistema Vario
intercambiable para cuchillas
y accesorios de respaldo. Cu-
chillas recomendadas: con-
sulte el sistema Grivel Vario.

PL

Zakres zastosowania

Sprzęt ochrony osobistej
(PPE). Sprzęt alpinistyczny:
Techniczny czekan Typ 2 (T)
do wspinaczki lodowej.
Wykonane z: Wałek kompo-

zytowy z włókna węglowego
G-Bone i rękojeść z pełnego
węgla, Ostrze kute na gorąco
ze stali Ni-Cr-Mo. Wymienny
system Vario do ostrzy i ak-
cesoriów z tyłu. Zalecane
ostrza: patrz system Grivel
Vario.

CZ

Oblast použití

Osobní ochranné prostředky
(OOP). Horolezecké vyba-
vení: Technická cepín typu 2
(T) pro lezení na ledu. Vyro-
beno z: G-Bone uhlíkový
kompozitní hřidel a úplná
uhlíková rukojeť, Blade za
tepla kovaná z Ni-Cr-Mo
oceli. Výměnný systém Vario
pro nože a zadní
příslušenství. Doporučené
čepele: viz systém Grivel
Vario.

NO

Bruksområde

Personlig verneutstyr (PPE).
Fjellklatringsutstyr: Teknisk
isøks Type 2 (T) for isklating.
Laget av: G-Bone karbon-
komposittskaft og full kar-
bonhåndtak, Blad varm
smidd i Ni-Cr-Mo Steel. Ut-
skiftbart Vario-system for
blader og ryggtilbehør. Anbe-
falte blader: se Grivel Vario-
systemet.

NL

Toepassingsgebied

Persoonlijke bescherming
Bergsportuitrusting: technische
ijsbijl Type 2 (T) voor ijsklim-
men. Gemaakt van: G-Bone
carbon composietschacht en
volledig carbon handvat,
mes heet gesmeed in Ni-Cr-
Mo staal. Verwisselbaar
Vario-systeem voor bladen
en rugaccessoires. Aanbevo-

len messen: zie het Grivel
Vario-systeem.

SI

Področje uporabe

Osebná zaščitna oprema
(OZO). Planinska oprema:
Tehnična cepina 2 (T) za ple-
zanje po ledu.

Izdelano iz: G-Bone ogljiko-
vega kompozitnega gredi in
polnega ogljikovega ročaja,
rezilo vroče kovano iz Ni-Cr-
Mo jekla. Zamenljiv sistem
Vario za rezila in dodatke za
hrbet. Priporočljiva rezila:
glejte sistem Grivel Vario.

SE

Användningsområde

Personlig skyddsutrustning
(PPE). Bergsklättringsutru-
stning: Teknisk isax Typ 2 (T)
för isklättring.

Tillverkad av: G-Bone kol-
kompositaxel och helt kol-
handtag, Blad varm smidd i
Ni-Cr-Mo Steel. Utbytbar
Vario-system för blad och
ryggstillbehör. Rekommende-
rade blad: se Grivel Vario-sy-
stemet.

BG

Област на приложение

Лични предпазни средства
(ЛПС). Оборудване за алпи-
низъм: Техническа ледена
брадва Тип 2 (T) за кате-
рене с лед.

Изработено от: G-Bone
въглероден композитен
вал и пълна въглеродна
дръжка, Острието горещо
ковано в Ni-Cr-Mo Steel.
Сменяема система Vario за
остриета и аксесоари за
гръб. Препоръчителни
остриета: вижте системата
Grivel Vario.

RO

Domeniul de aplicare

Echipament de protecție
personală (PPE). Echipament
alpinism: Axa tehnică de
gheață de tip 2 (T) pentru al-
pinism.

Fabricat din: arbore compo-
zit din carbon G-Bone și
mâner complet din carbon,
lamă forjată la cald în oțel
Ni-Cr-Mo. Sistem Vario inter-
schimbabil pentru lame și
accesorii din spate. Lamele
recomandate: consultați si-
stemul Grivel Vario.

GR

Πεδίο εφαρμογής

Εξοπλισμός ατομικής προ-
στασίας (PPE). Εξοπλισμός
ορειβασίας: Τεχνικός πάγκος
Τύπου 2 (T) για αναρρίχηση
σε πάγο.

Κατασκευασμένο από: G-
Bone σύνθετο άξονα άν-
θρακα και πλήρη λαβή
άνθρακα, λεπίδα ζεστό σφυ-
ρήλατο σε Ni-Cr-Mo χάλυβα.
Εναλλάξιμο σύστημα Vario
για τα πτερύγια και τα πίσω
εξαρτήματα. Συνιστώμενες
λεπίδες: ανατρέξτε στο σύ-
στημα Grivel Vario.
